

Addition & Subtraction

Gold

These Gold questions combine addition and subtraction in multi-step, real-world style problems.

Name: _____ Date: _____

Section A: Multi-Step Problems

1. A baker makes 245 loaves on Monday and 189 on Tuesday, then sells 320 of them. How many loaves are left?

2. Find the missing number: $356 + \underline{\quad} = 700$

3. Find the missing number: $\underline{\quad} - 125 = 275$

4. A school has 480 pupils. 65 are absent one day, and 12 more go home early. How many pupils remain?

5. Two numbers add up to 500. One number is 175. What is the other number?

Section B: Reasoning

1. The difference between two numbers is 150. The smaller number is 225. What is the larger number?

2. Explain how you would work out $400 - 198$ using a quick mental method.

3. A number is 50 more than 300, then 75 is subtracted. What is the final number?

4. If you add 3 numbers together and get 600, and two of them are 150 and 200, what is the third number?

5. Estimate $297 + 198$ by rounding first, then work out the exact answer.
