

Geometry: Properties of Shape

Bronze

These questions cover recognising 2D and 3D shapes and their properties, and identifying right angles - part of the Year 3 curriculum.

Name: _____ Date: _____

Section A: 2D Shapes

1. How many sides does a pentagon have?

2. Name a shape with 3 sides.

3. How many corners does a square have?

4. What is special about all the sides of a regular shape?

5. Draw an example of a right angle (or describe where you would find one).

Section B: 3D Shapes

1. How many faces does a cube have?

2. Name a 3D shape that can roll.

3. How many edges does a cuboid have?

4. What shape are the faces of a cube?

5. Name one object in your home shaped like a cylinder.
