

These questions cover reading and interpreting pictograms, bar charts and tables, taught during Year 3. No calculators.

Name:

Date:

### Section A: Reading Charts & Tables

1. A bar chart shows books read in a month: Amir 8, Beth 6, Chen 10, Dana 4. What is the total?

2. What is the mean (average) number of books read?

3. What is the range between the highest and lowest?

### Section B: Comparing Data

1. A table shows sales over 3 weeks: Week 1 £120, Week 2 £95, Week 3 £150. What is the total?

2. What is the difference between the highest and lowest week's sales?

3. What were the average weekly sales, to the nearest pound?

4. If Week 4 is predicted to be the average of the first 3 weeks, what would that be?
