Adverbials - Answers

Answer Key

Section A: Explain and Correct

1. Put a comma after the fronted adverbial, to separate it from the main clause.
2. "Suddenly, the door creaked open."
3. "Later that night" (when), "loudly" (how), "in the woods" (where)
4. It shows that something else was happening at the same time, linking the two paragraphs.
5. A fronted adverbial - there is no verb in "after the match", so it is not a clause.

Section B: Write Your Own

1. e.g. "As the moon rose, the castle fell silent. Without warning, a door slammed."
2. e.g. "First, wet the brush. After that, add toothpaste. Finally, brush for two minutes."
3. e.g. "In the morning, I went to the shop. After buying bread, I came home."
4. e.g. "Like a rocket, the boy shot off the starting line."
5. e.g. "We go swimming twice a week."
